Letter of Recommendation for Mohsin Hayat

To Whom It May Concern:

This letter is to serve as my recommendation for Mr. Mohsin Hayat, who was employed at our company as Frontend Developer from the 17th of July 2018 to the 1st of September 2018.

Mohsin has embodied the fine character of a strong professional and has shown great passion to explore and learn continuously. Although his time at Rocketbots was short, the impact that he had on the team was very much appreciated. He took initiative and delivered on the projects that were assigned to him. Mohsin helped Rocketbots to develop the first version of its Web Chat Widget, and made valuable contributions to rest of the modules in the Rocketbots Platform.

During his time, Mohsin produced excellent results in all the assigned tasks. We found him to be a hardworking, devoted and a dilligent person. For these reasons, I believe that he will prove himself to be an asset to any organization. If you have any questions regarding Mohsin or this recommendation, please do not hesitate to contact me.

We wish him success in his future endeavours.

Sincerely,

A handwritten signature in black ink that reads "Hassan". The signature is written in a cursive style with a vertical line to the left of the name.
